FACTORY: SURVEY NO. 8 (FIELD E-1-B),
3RD CROSS STREET EXTENSION, NEHRU
NAGAR, PERUNGUDI, CHENNAI,
TAMIL NADU, INDIA. PIN: 600 096

CERTIFICATE OF INTERNSHIP

THIS CERTIFICATE IS HEREBY ISSUED ON THE **22ND OF JULY 2026** TO CONFIRM THAT

PADMA MUTHU LAKSHMANAN

BEARING STUDENT ID NUMBER **110123076** OF THE NATIONAL INSTITUTE OF TECHNOLOGY, TIRUCHIRAPPALLI, TAMIL NADU, INDIA, B.TECH-IC, 2023-2027 BATCH, HAS SATISFACTORILY COMPLETED AN INTERNSHIP FROM **10 MAY 2026 TO 22 JULY 2026** AT SEACONVOY SYSTEMS ENGINEERING PRIVATE LIMITED UNDER THE SUPERVISION OF **DR AWANISH CHANDRA DUBEY, CTO & DIRECTOR**.

DURING THE INTERNSHIP, PADMA SUCCESSFULLY CONFIGURED THE EXISTING SEACONVOY-DEVELOPED NAVIS AUTONOMOUS SURFACE VEHICLE (ASV) MODEL IN GAZEBO SIMULATION ENVIRONMENT, INCLUDING FRAMEWORK SETUP, VEHICLE AND SOFTWARE INTEGRATION, FUNCTIONAL VERIFICATION, AND VALIDATION FOR AUTONOMOUS NAVIGATION AND CONTROL. THE SIMULATED PLATFORM REPRESENTS SEACONVOY'S EXISTING NAVIS ASV, PREVIOUSLY VALIDATED THROUGH SEA TRIALS.

IN THE SUBSEQUENT PHASE, SHE DEVELOPED A REINFORCEMENT LEARNING-BASED PATH-FOLLOWING AND STATIC OBSTACLE AVOIDANCE FRAMEWORK IN PYTHON FOR THE NAVIS ASV. SHE DESIGNED THE RL ENVIRONMENT, TRAINED AND EVALUATED THE NAVIGATION POLICY, AND SUCCESSFULLY DEMONSTRATED ACCURATE PATH-FOLLOWING AND COLLISION AVOIDANCE. WE WISH HER CONTINUED SUCCESS IN HER ACADEMIC AND PROFESSIONAL PURSUITS.

DR AWANISH CHANDRA DUBEY
CTO & DIRECTOR
